Press Quotes

"CBN has a gift for making harmony the focal point of every song, regardless of style or genre."

"Colour By Numbers are nerds for 90s alt-rock, telling upbeat, riffy indie-rock tales through a lense of early Weezer, They Might Be Giants, and the Presidents of the USA. They're earnest guitar-pop nerds on the same trail that Sloan blazed, and there's nary a laptop or anime reference in site." - Adam White (Some Party, blog)
