"Colouring Outside the Lines" Tour and New Music Video!

Winnipeg's self-professed nerdiest alt-rock band, Colour By Numbers is hitting the road this summer on a Western Canadian tour. The aptly named "Colouring Outside the Lines" Tour serves as the band's first foray outside of their home province.

In addition, Canadian Beats premiered their new music video for "Among The Stars". The song is the title track of their second EP, released last summer. Capturing the band's lightheartedness, the video features co-lead vocalist, Alex Kozub singing karaoke to his own lyrics.
